The 2021 Canadian Anti-Doping Program came into effect on January 1, 2021, ensuring the program's ongoing compliance with the World Anti-Doping Code.

In the role of Canada's national anti-doping organization, the CCES implements and administers the CADP on behalf of the Canadian sport community.

The CADP is designed to prevent, deter, and detect doping and serves to protect the integrity of sport and the rights of clean athletes.

National sport organizations (NSO) – (Taekwondo Canada) and multi-sport organizations (MSO) adopt the CADP.

Organizations, athletes, athlete support personnel and other persons belonging to sport organizations that have adopted the CADP accept these rules as a condition of participation in sport and agree to be bound by these rules.
